Dear Mr. Dichoso:

With reference to the above, and per conversation with our client (copy of letter attached), Innovatec has decided not to include the pager in their C&I Meter at this time in order to expedite approval process and meet deadline for shipping.

Therefore, on behalf of Innovatec Communications, LLC we hereby request that the application for C&I Meter be evaluated without pager option and hence Innovatec will like to terminate application approval for the pager portion of this device.

Kindly let us know if there are any questions or concerns.

Thank you.

Yours sincerely,

Mr. Michael Gbadebo, PE
Engineering Manager
