Attention: Application Examiner

RE: Similarity of product to FCC ID: OWS-IMU519
Applicant: **Silver Spring Networks Inc.**
FCC ID: OWS-IMU518
IC: 5975A-IMU518

To whom it may concern,

The referenced product is electrically identical to the certified FCC ID: OWS-IMU519. The case has an additional plastic part that is not included on the IMU519, the part is to make mechanical interface to the gas meter index rotor. The battery compartment and the radio/meter board is identical. For marketing purposes Silver Spring has elected to have a different FCC ID for this product even though it is virtually identical in construction to the previously certified product.

The IMU518 test report uses all the IMU519 test data as the only difference between the two products is an external plastic piece.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
EMC Consultant/Agent for Silver Spring Networks
