Re: NIC40 FCC ID: OWS-NIC40

To assure controlled access to the referenced product, we, the manufacturer of the subject equipment, arrange the following with the buyer;

Via non-disclosure agreement with the buyer equipment, _____, it is agreed that the subject equipment is only accessed, serviced, and operated by and under the control of trained professionals with strict confidentiality. It is not a consumer product, and is not to be accessible to the general public.
