Re: Certification for Silver Spring Networks.
902 MHz eBridge RF Module
Model(s): 250-000017
FCC ID: OWS-NIC506
IC: 5975A-NIC506

Subject: Modular Requirements

To whom it may concern,

Prior to its sale to the public, the following statement will be added to the instruction manual that is provided to integrators of the module.

In the section titled:

[FCC and Government Guidelines](#)

The following statement will be added

“The integrator of the eBridge module MUST NOT include any instructions in the user manual of the final product that instructs the end user on removal and / or replacement of the eBridge module.”

On Behalf of Silver Spring Networks,
Sincerely

A handwritten signature in black ink, appearing to read "David Waitt".
