Attention: Application Examiner
 Reviewing Engineer

RE: Request for confidentiality per FCC Rule Sections 0.457 and 0.459
Applicant: **Silver Spring Networks Inc.**
FCC ID: OWS-NIC507

To whom it may concern,

Request is hereby submitted, on behalf of my client **Silver Spring Networks** to withhold from public review indefinitely certain portions of the application for equipment certification for the referenced FCC identifier. The referenced product is a 5.8 GHz radio module for which limited modular approval is sought. In particular, the following sections of the application and report are requested to be kept confidential:

Block Diagram, schematics

Rationale for request for confidentiality:

Silver Spring Networks has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
EMC Consultant/Agent for Silver Spring Networks
