Attention:        Application Examiner  
                      Reviewing Engineer

RE:                Request for confidentiality per FCC Rule Sections 0.457 and 0.459  
Applicant:        **Silver Spring Networks Inc.**  
FCC ID:            OWS-NIC508  
IC:                 5975A-NIC508

To whom it may concern,

Request is hereby submitted, on behalf of my client **Silver Spring Networks** to withhold from public review indefinitely certain portions of the application for equipment certification for the referenced FCC identifier. The referenced product is a radio module for which limited modular approval is sought. In particular, the following sections of the application and report are requested to be kept confidential:

**Operational Description**  
**Schematic**  
**Block Diagram**

Rationale for request for confidentiality:

**Silver Spring Networks** has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS  
EMC Consultant/Agent for Silver Spring Networks
