Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: OWS-NIC511-03

Applicant: Silver Spring Networks

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: OWS-NIC511-03 originally granted on January 12, 2016.

The change under this application is to add 2.4 GHz DTS to support IEEE 802.15.4 operation. The change is implemented by software change only, there are no changes to the existing hardware.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Asim Tirmizi".

Asim Tirmizi
Manager HWQA
