Attention:            Application Examiner

RE:                    Request for confidentiality per FCC Rule Sections 0.457 and 0.459  
Action:                Class 2 Permissive change request  
Applicant:            **Silver Spring Networks Inc.**  
FCC ID:                OWS-NIC714  
IC:                     5975A-NIC714  
Model No.:            NIC414

To whom it may concern,

Request is hereby submitted, on behalf of my client **Silver Spring Networks** to withhold from public review indefinitely certain portions of this class 2 permissive change application for the referenced FCC identifier. The referenced product is a 900 FHSS radio. In particular, the following sections of the application are requested to be kept confidential:

**Operational Description**  
**Internal photographs**

Justification for requesting confidentiality of internal photographs:

The referenced product is sold only to power utilities and is not available on the general market. The product will be located on utility property, either on power poles or inside the building. It will not be available for public inspection. The unit has no user serviceable parts, servicing is done by Silver Spring Networks.

**Silver Spring Networks** has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS  
EMC Consultant/Agent for Silver Spring Networks
