Subject: Application for Grant of Equipment Authorization

To Whom It May Concern,

The enclosed documents constitute a formal submittal and application for a Grant of Equipment Authorization pursuant to Part 15, SubPart C, of the Rules and Regulations of the FCC, regarding Intentional Radiators, as the technical guide. The data in this report demonstrates that the equipment tested complies with the FCC Part 15, SubPart B & C, Open Field Radiated Emissions, Occupied Bandwidth, Harmonics and Spurious Emissions, Maximum Peak Output Power Test limits for Class B & C devices.

We also notify you that the following items in the submittal package be kept confidential: (a) Schematics (b) NCI Schematics (c) Operational Installations and (d) Operational Descriptions/instructions. The applicant has paid \$135.00 [EBC] for this service.

This application was prepared by International Technology Company (ITC). If there are any questions or if further information is needed, please call us at (925) 862-2944 or fax (925) 862-9013. Thank you.

Yours sincerely,
