Hi

Send this directly to the pending application as a "cover letter" exhibit. Call the description something like VARIOUS CORRECTIONS.

Bette Taube

>>> "Monica Anderson" <monica_pti@yahoo.com> 03/15/00 01:02PM >>>
Betty,

I was needing to change my form 731 for EA97043/ OXHSCRC001:
The equipment code should be - Part 15 Low Power Transmitter..... but should not be below 1705kHz (not sure what it should be because I do not know the choices.)

Frequency Range should be - 417.96 to 418.08

Rated RF power output in watts should be - 0.00003W

Emission designator should be - A1D

Thank you,
Monica Anderson
