

Justification of Supersession

Date: March 27, 2019

TO: Federal Communication Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MID 21046

To whom it may concern:

This justification is for a purpose of requesting for permissions of putting the filing of authorized equipment:

FCC ID: [OXM000080](#), Grant Date: [08/07/2017](#)

into auditor mode to allow the granting TCB to supersede the exhibitions of test report that has already been publicized on FCC host site with correct version.

Due to incorrect test data which applicable to §15.207 was misplaced in the EMC test report(s), we plead the replacement of the existing EMC test reports with revised ones that contain the correct test data.

There is no modification occurred to the authorized equipment, hence this request is ensured not applicable to any provisions related to changes in certificated equipment such as §2.1043.

In order to reflect the authenticity of every detail compliance, we deem the supersession of test report that entails falsified measurement result is necessary.
