

User Manual Statement

The device under test is manufactured by the grantee (Preco Electronics, a Sensata Technologies company), and sold as an both OEM and after-market product, depending on customer needs. Per 47 CFR 2.909, 2.927, 2.931, 2.1033, 15.15(b) etc..., the grantee must ensure the end-user has all applicable / appropriate operating instructions. When end-user instructions are required, as in the case of this product, the grantee must notify the OEM to notify the end-user. Preco Electronics will supply this document to the reseller/distributor dictating what must be included in the end user's manual for the commercial product.

Model / FCC ID: OXZSEENTRY79 IC: 20379-PREVIEW79

This device complies with Part 95, subpart M of the FCC Rules and with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC Radiation Exposure Statement

RF Radiation Exposure Statement: This equipment complies with FCC RF Radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a normally maintained separation distance of at least 20cm between the radiator and your body.

Cet équipement est conforme aux normes d'exposition aux rayonnements RF de la FCC limites fixées pour un environnement non contrôlé. Cet appareil et son antenne ne doivent pas être situés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé avec une distance de séparation normalement maintenue d'au moins 20 cm entre le radiateur et votre corps."

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The term "IC:" before the radio certification number only signifies that Industry Canada technical specifications were met.
