Re: FCC ID P2JT2CSS

Attn.: Mr. William Graff

Mr. Graff,

3S Group is submitting a modified copy of our T2CSS User Manual which contains only those sections that are required for FCC certification of the Type 2 Cryptographic Support Server device. We had previously submitted a copy of the full manual, which the present submission supercedes.

Please delete our previous manual and submit the present copy to the FCC as part of the certification process.

Sincerely,  
3S Group Incorporated

Satpal S Sahni  
President
