Re: FCC ID: P2SBELTCLIP

To Whom It May Concern:

The following application is submitted on behalf of our client, Neptune Technology Group, Inc., for evaluation of their model 13253-000 R900 Belt Clip Receiver (BCR) for certification under FCC Part 15.249.

The 13253-000 R900 Belt Clip Receiver (BCR) is a battery powered, body-worn software-defined receiver capable of simultaneously receiving multiple RF transmissions. The R900 BCR collects readings and then transfers these readings to the handheld through Bluetooth connection. The R900 BCR also has the capability to receive and store R900 readings that can be imported into the billing system without the use of a handheld.

The R900 BCR was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large 'R' and a stylized 'S'.
