Re: FCC ID: P2SNTGR900IV3

To Whom It May Concern:

The following application is submitted on behalf of our client, Neptune Technology Group, Inc., for evaluation of their model R900i SP for certification under FCC Parts 15.247 and 15.249.

The R900i SP by Neptune is an integrated register designed for operation in water meter RF telemetry to collect meter reading data. The device uses two modes of operations, a frequency hopping mode (15.247) and a low power single channel data log mode (15.249). The R900i SP was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
