Re: FCC ID: P2SNTR900GDL

To Whom It May Concern:

The following application is submitted on behalf of our client, Neptune Technology Group, Inc., for evaluation of their model R900GDL for certification under FCC Part 15.247 and 15.249.

The R900GDL is a single modular approval consisting of a single printed circuit board which is designed to be integrated into specific host devices. The device uses two modes of operations, a frequency hopping mode (15.247) and a low power single channel data log mode (15.249).

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Sam Wismer', is written in a cursive style.
