

CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

6/2/08

Gentlemen:

Neptune Technology Group, Inc. respectfully requests confidentiality of certain materials provided with the submission of the **R900GM module** under FCC ID: **P2SNTR900GM** in accordance with FCC Regulations 0.459. The confidentiality request applies to the parts list, schematics, theory of operation, system block diagram, circuit board photographs, and the installation guide contained in this filing and included in the following files.

07-422 – Schematics.pdf
07-422 – System Block Diagram.pdf
07-422 – Theory of Operation.pdf
07-422 – Parts List.pdf
07-422 – Internal Photos.pdf
07-422 – Installation Guide.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians. The Installation Guide is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Installation Guide is also requested.

The **R900GM** has been developed at considerable effort and expense by Neptune Technology Group, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: W J Brennan
