Attention: Application Examiner  
Reviewing Engineer

Re : Request for dismissal for the product has FCC ID: P3HSP3

Applicant: Ki Ryung Electronics Co., Ltd.

To whom it may concern,

We, Ki Ryung Electronics Co., Ltd., want this letter serves for our confirmation letter regarding above matter.

We would like to explain why the grant letter for that product was issued as following, so please dismissal this product on your data base.

We applied this project to the TCB, Compliance Certification Services Inc on July 4<sup>th</sup>, 2006 but the grant letter for this project was cannot issued by the problem of surveillance test. At that time, we did not know how to solve the problem and we want to get the grant letter for the product, so we requested Onetech to upload this project to the TCB.

And we got an email from the FCC on August 4<sup>th</sup>, 2006 that has removed the block on the Grantee code, P3H so on, so we forward this email to the TCB and then TCB issued the grant letter for this product, because the TCB do not know 3 products shall be issued.

We fully understand the SP3 has still pending and cannot issue the grant letter after getting your permission.

If you need more any information and/or documents, couldyou please inform me that in detailed.

Your Sincerely,

  
Seong-Ho Kim

The head of Quality Control Department.
