RT for project: AN03T3401 DECKTRON MP3 P42IMP5000

Subject:

Question #1: Some of the antennas listed on P12 of test report are out of calibration. Please confirm that which antenna was used during the radiated emission measurement and re-perform the test if required.

Question #2: System test configuration seems does not comply with the minimum system configuration requirement per section 11.2 of C63.4. Please justify or re-test if necessary.

11.2 ITE MINIMUM SYSTEM CONFIGULATION

- 1) Personal computer
- 2) Keyboard
- 3) Video display unit
- 4) An external peripheral for each of two different types of available I/O protocols, e.g., serial, parallel, etc.
- 5) If the EUT has a dedicated port for a special-purpose device, e.g., a mouse, joystick, or external disk drive, that device shall be part of the minimum system.

Best Regards
