

Flaircomm Microelectronics, Inc.

Statement

Product: Bluetooth Module

Model: FLC-BTM901, FLC-BTM901IQ2A, FLC-BTM901IQ2B, FLC-BTM901IQ2C,
FLC-BTM901IQ2D

Trademark : Flairmicro

We hereby declare the FLC-BTM901IQ2A, FLC-BTM901IQ2B, FLC-BTM901IQ2C and FLC-BTM901IQ2D series of our FLC-BTM901 products. Our main test product is FLC-BTM901. The differences between each series are as follows:

1. FLC-BTM901IQ2A is similar to FLC-BTM901, except that FLC-BTM901 is equipped with built-in antenna and uses QCC5124 chip. The FLC-BTM901IQ2A has no built-in antenna and uses the QCC5121 chip. (Note: the two chips are the same, but the naming is different according to different customer groups.)
2. FLC-BTM901IQ2B is similar to FLC-BTM901, except that FLC-BTM901 uses QCC5124 chip, while FLC-BTM901IQ2B uses QCC5121 chip.
3. FLC-BTM901IQ2C is similar to FLC-BTM901, except that FLC-BTM901 has a built-in antenna, while FLC-BTM901IQ2C has no built-in antenna.
4. FLC-BTM901IQ2D is the same as FLC-BTM901, with built-in antenna and QCC5124 chip. Just according to different customer groups in the naming is different.

Your assistance on this matter is highly appreciated.

Yours sincerely,
