

## FM Antenna

Intended Use of equipment	PND(Personal Navigation Device)
Equipment category (Transmitter, Receiver, Transceiver)	FM Transmitter
Frequency band(s) of operation	88.2~107.8MHz
Bandwidth	200KHz
Channel spacing	100KHz
RF output	RF Output Power - 15dBm
Type of modulation & ITU code	FM Modulation
Internal/external/	Internal
Type of antenna connection	Solder to MB
Antenna Type	Monopole Antenna
Antenna gain	-28 dBi

## GPS Antenna

Internal/external/	Internal
Type of antenna connection	Solder to MB
Antenna Type	Patch Antenna
Antenna gain	-2 dBi
Frequency band(s) of operation	1575.42MHz
Bandwidth	200KHz
Channel spacing	100KHz

## BT Antenna

Internal/external/	Internal
Type of antenna connection	Contact to MB
Antenna Type	Monopole Antenna
Antenna gain	-1 dBi
Frequency band(s) of operation	2.4~2.5GHz
Bandwidth	100MHz
Channel spacing	100KHz
