

Kronos Incorporated
297 Billerica Road
Chelmsford, MA 01824
Phone: (978) 250-9800
Fax: (978) 367-5900

Date: 8 September 2011

To whom it may concern,

Kronos would like to attach three (3) different FCC / Industry Canada labels identified below on eight (8) different product part numbers.

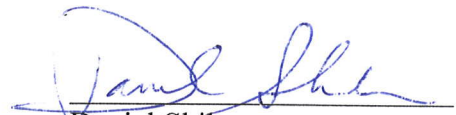

- 1- FCC label FCC ID:P5W-8609K003 IC:1416A-8609K003 for HID 125 KHz reader
- 2- FCC label FCC ID:P5W-8609K004 IC:1416A-8609K004 for Feig 125 KHz reader
- 3- FCC label FCC ID:P5W-8609K005 IC:1416A-8609K005 for HID 13.56 MHz reader

FCC ID #	Industry Canada	OEM Vendor / Frequency	Kronos Product Part Numbers
P5W-8609K003	1416A-8609K003	HID / 125KHz	8609000-003, 8609000-053 8609000-403
P5W-8609K004	1416A-8609K004	Feig / 125KHz	8609000-004, 8609000-054
P5W-8609K005	1416A-8609K005	HID / 13.56 MHz	8609000-005, 8609000-055, 8609000-405

All eight Kronos part numbers contain electrically identical base system. The (-) dash variation is determined by what integrated radio based badge reader is included.

- Part number 8609000-003 = Kronos electronics with HID 125 KHz reader and larger base that could be used for optional internal transformer, battery back or interface to external peripherals.
- Part number 8609000-053 = Same Kronos electronics as 8609000-003 above with HID 125 KHz reader and Slim base. Can not accomadate optional internal transformer, battery back or interface to external peripherals.
- Part number 8609000-403 = Exact same unit as 8609000-003 but is private label
- Part number 8609000-004 = Kronos electronics as 8609000-003 with Feig 125 KHz reader and larger base that could be used for optional internal transformer, battery back or interface to external peripherals.
- Part number 8609000-054 = Same Kronos electronics as 8609000-003 above with Feig 125 KHz reader and Slim base. Can not accomadate optional internal transformer, battery back or interface to external peripherals.
- Part number 8609000-005 = Kronos electronics as 8609000-003 with HID 13.56 MHz reader and larger base that could be used for optional internal transformer, battery back or interface to external peripherals.

- Part number 8609000-055 = Same Kronos electronics as 8609000-003 above with HID 13.56 MHz reader and Slim base. Can not accomadate optional internal transformer, battery back or interface to external peripherals.
- Part number 8609000-405 = Exact same unit as 8609000-005 but is private label
