

Cover Letter Regarding Draft User Manual

FCC ID P6F4TFX

The provided user manual is a draft based on the A760 product.

The circuitry is identical between the A760 and A761.

The board layout is different.

The A761 is powered by a battery pack provided in the host plastic soap dispenser enclosure while the A760 had its own battery pack.

From the user point of view there is no difference in operation.
