

Engineering and Testing for EMC and Safety Compliance

July 19, 2002

American TCB
6731 Whittier Ave
McLean, VA 22101
Attention: Mr. Dennis Ward
RE: FCC ID: P6G-WLERFA

Subject: Response to reference application comments

Dennis:

In accordance with your comments of July 17, 2002, the client has revised his product description, product manual, FCC ID labels and labeling intentions, to accurately reflect the fact that this product will be marketed as a complete system, and in the configuration reflected in the test report.

In the event the client decides to offer this system with other transmitters at any future date, the required testing and reporting would be completed, and a Class II permissive change would be submitted to the Commission.

If there are any questions or comments, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kathy Grzovic". The signature is written in dark ink on a light-colored background.
