RE: FCC ID: P6GWLERVA
Attention: Kathy Grzovic

I have a few comments on this Application.

- 1 15.247c states that the limit is 20 dB below that in the 100 kHz bandwidth within the band that contains the highest level of the desired power. You list power measured as 29.4dBm. You list the limit of the 20dB level as -3dBm. Please correct the report to reflect the proper limits for tables 10.1 – 10.3.
