Request for confidentiality:

Siemens requests, pursuant to 47 CFR 0.459, post grant confidentiality for portions of the material contained in this application such that the identified material will be withheld from public inspection following the grant of this authorisation. This material, as indicated by request for confidentiality of the item during the electronic submission process and further identified below, includes:

Circuit diagrams incl. part list and part placement submitted as Equipment Authorization Electronic Filing attachment contained in Exhibit 05 as listed above.

Specifically, this exhibit contains information relating to circuit function and complexity that could be of benefit to competitors. The material contains trade secrets and confidential information that Siemens does not customarily release to the public and which is otherwise not generally available to the public.
