RE: SofaWare Technologies Ltd.

FCC ID: P6XSBXW-166LHGE-4

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The block diagram should show the frequencies of all oscillators in the TX device (CFR 2.1033(a)(5)), unless this portion of the device is an OEM part. Please provide either the block diagram for the TX portion, or alternatively provide a parts list that shows that this part is provided by another manufacturer. If necessary, please update the confidentiality letter to include the parts list.
- 2) The schematics do not include the RF mini-PCI card. Note that a schematic for the TX portion of the device is required as specified 2.1033(b)(5) for the RF section. Please provide either a schematic for the mini-PCI card or as an alternative, you may provide a parts list that lists that shows that this part is provided by another manufacturer. Please provide either a schematic or parts list as specified. If necessary, please update the confidentiality letter to include the parts list.
- 3) The Representative shown on a DoC must be for a U.S. based address. Please correct.
- 4) The FCC ID must include the "FCC ID:" on a single line. Currently this is shown on a line separate from the actual number. Please correct.
