Dear Sir or Madam

Westel Wireless Systems Pty Ltd is submitting this application based on the ADI Limited Systems Group N6FC100059 grant, dated 10/21/1999. Westel Wireless Systems acquired all of the intellectual property and manufacturing rights to this equipment as documented in an attached letter from the Westel Group Limited Company Secretary. Westel Wireless Systems is the current and only manufacturer of this equipment. The only difference between the original equipment of the ADI Limited Systems Group grant and the equipment manufactured by Westel Wireless Systems is the labeling on the outside of the product. ALL circuitry, board layouts, chassis, etc are identical between the ADI Limited Systems Group and Westel Wireless Systems equipments.

The submitted exterior photos further confirms that the equipment is indeed not only the same inside, but the exterior is the same.

Sincerely,
Walter C. Simciak
Chief Engineer
ADRad Communications, Inc.
