Hi Mike,

Pls see the answers as belows:

Question #1: Please provide additional internal photo to show the solder side of PCB.

Answer: Pls see revised internal photos as attached.

Question #2: Request for confidentiality letter mentioned Operational Description, Schematic Diagram, BOM and PCB layout diagram as confidential document. However, only schematic diagram and operational description are submitted. There is no BOM and PCB layout diagram. For your information, BOM and PCB layout diagram are not required for certification review. You may: 1) modify request for confidentiality letter by removing BOM and PCB layout diagram or 2) submit BOM and PCB layout diagram.

Answer: Pls see revised letter as attached.

Question #3: Test report was not signed. Please provide the approval signature on the test report.

Answer: Pls see revised report as attached.

Thanks,

Claire Hoque
