

**Responsibility for Validation and Fitness-of-Use:**

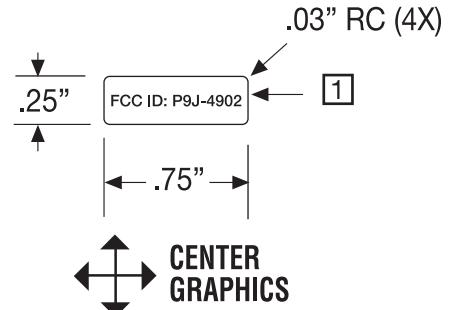

Because Valmark Industries, Inc. has no control over the use or application of these parts, it is the sole responsibility of the OEM customer and/or its designated manufacturer to test all custom parts for fitness-of-use and validation of design prior to acceptance of production units. Valmark Industries provides expertise in the layout and consistent fabrication of high quality, reliable membrane switch, custom graphics and labeling products. Valmark and its employees do NOT purport to be experts in the end-use application of our customers, or the environments in which these products will be stored and/or used.

This print must be approved and returned **within 24 hours** in order to proceed with production. Acceptance of the below art sample releases Valmark of any graphics liability after the production run. Valmark may, at its discretion unless otherwise noted, substitute any materials or BOM components with equivalent or similar materials and/or components based on control of cost or availability.
