

4.0 FCC Certification

4.1 FCC CFR 47 Part 15

Compliance is demonstrated in TUV Test report 75907908 report 01 Issue 2.

Copy appears in Appendix C.

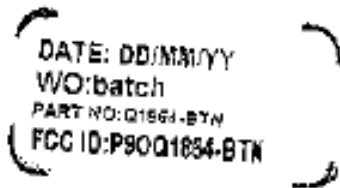

5.0 Electrical Safety

This product is powered by a 9V Zinc Chloride battery.

The battery is the only power source and has a high internal resistance, and therefore in the unlikely event of a short circuit occurring within the unit, there is no risk to the health and safety of the user and any other person.

6.0 Product Marking

The date of manufacture, batch and product type are identified by the manufacturing label which includes the FCC ID:P90Q1864-BTN.

POSITION OF FCC ID LABEL
