4. Even though the receiver portion of the EUT was originally approved under Verification in 2017, pursuant to KDB 896810(D02)q2), modifications performed after 11/2/18 to a previously Verified device require SDoC approval. Please confirm that the information to the user required by Section 2.1077 for SDoC devices will be included in the User's Manual by the time that the modified device being authorized in this application is marketed.

R. We confirmed that information in 2.1077 will be in the manual.
