

Delaration Letter

RE:

Product: Kodak PULSE Digital Framer

Model: W1030

We delaration that:

- i)The product is used as a host, it is not a computer peripheral. it can not be used for data exchange with a PC and there is no intention to use for data exchange with a PC in future. Because a host can not exchange data with a host.
- ii)the USB port can only be used for copying pictures from a USB device to frame's internal memory, and viewing pictures from USB device. Because the USB device is a slave.
