ENJOY YOUR WORKOUT!

ELEMNT Rival multisport GPS watch

The ELEMNT Rival is a multisport gps heart rate watch offered by Wahoo Fitness, giving you plenty of functionality plus enabling you to measure your performance with ease.

The ELEMNT Rival is designed to be used in conjunction with the ELEMNT companion app, a free app which allows you to maximize the potential of the ELEMNT Rival and makes getting the most out of your workout an easier task.

As a stand alone device, the ELEMNT Rival gathers information on heart rate, temperature, elevation, location & speed. By connecting additional sensors, the ELEMNT Rival can gather a wealth of information to expand your reporting ability on your workout.

Use with or without your smartphone when performing a workout and enjoy quick and easy automated upload of your workouts via Bluetooth.

iOS: This product is designed for use on the iPhone 4s and newer, iPad 3rd gen and newer, iPad mini, iPad Air, and iPod 5th gen and newer.

Android: This product is designed for use with Android devices compliant with the Bluetooth 4.0 protocol running version 4.3 or newer & must allow Third Party App Access to the Bluetooth 4.0 Radio.

NOTE: Wahoo Fitness has not tested complete compatibility with all Android devices matching this description. Please download the app from the Google Play Store to ensure that it installs on your device before purchasing a product.

This product is shipped with the following:
