

4.2 Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information.

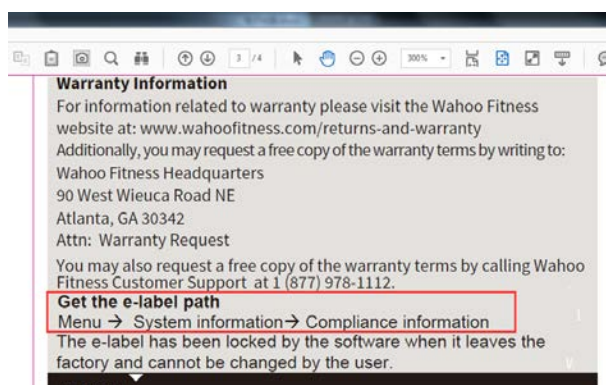

Display directly on the device's screen

Instructions must be provided with the product at the time of purchase, in the user manual, operating instructions, packaging material, quick guide pamphlet, etc. Alternatively, a product-related website is permitted, if a reference (URL) to obtain the website information is provided at the time of purchase in the user manual, operating instructions, packaging material, quick guide pamphlet, etc.

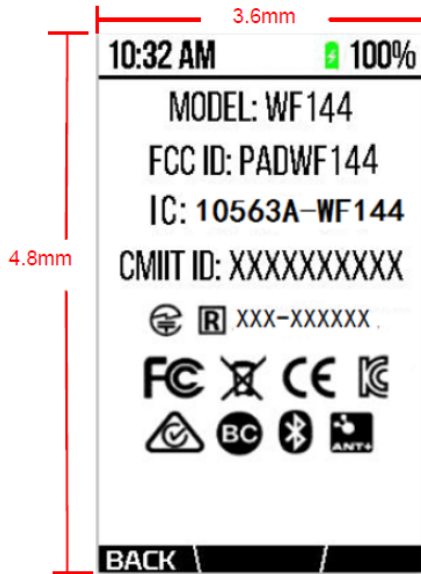

User manual, operating instructions, packing materials, quick guide booklet are included in the package

Access to regulatory information must be provided without special codes, accessories, or permissions beyond the normal security protection to unlock the screen, sign-in page, or overall product access.

4.3 Readability of Regulatory Information

The FCC ID, warning statements, or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification.⁶

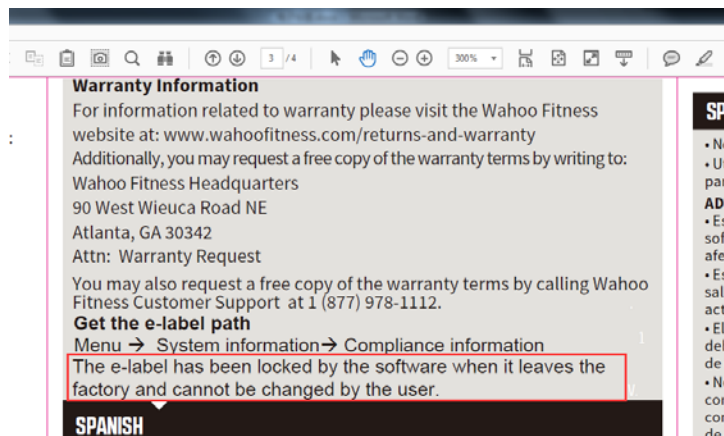

4.4 Regulatory Information must be Secure

Both regulatory information and dedicated exclusive application(s) or script(s) must be secured and implemented in a factory-set-unalterable format.⁷

The regulatory information must be capable of being retrieved and displayed locally, and under the control of the end user in possession of the product.

The method must be secure, such that the application or script ensures that the regulatory information correctly displayed.

It's described in the User manual
