Dear Mr. Dayhoff,

This letter is our reply to the Above Referenced Number.

The applicant, PowerLOC is currently in negotiation with the radio manufacturer, Standard Communications to release the requested documents for uploading to the OET Lab.

We are requesting a delay in the possibility of the application being dismissed, since 60 days from the date of the FCC email request (June 28), elapses today.

We have contacted Standard Communications, and they require at least 7 business days for their own internal approvals to release the necessary information.

Standard Communications will then upload the required documents.

Internal Photographs will be re-uploaded by us.

If you have any queries, please do not hesitate to contact us.

Yours truly,

A handwritten signature in blue ink, followed by a circular red stamp. The stamp contains the text "FEDERAL COMMUNICATIONS COMMISSION" around the perimeter and "FCC" in the center.
