

A white metal table with a black top surface, mounted on four casters. The table is positioned in the center of the frame. On the black top surface, there is a small electronic component connected to a red wire that extends down to the device on the floor.

A silver electronic device, likely a power supply or amplifier, with a red digital display showing the number '12.0'. It has several knobs and ports on its front panel. Red and black wires are connected to the back of the device.

A power outlet strip with several circular ports, located on the floor in the foreground. A white power cord is plugged into one of the ports.
