Mark Hill
Elliott Labs

Dear Mark,

This letter is to confirm that Jeff Altheide is authorized to act on my behalf as FCC contact until we change the official contact listing with the FCC. When we try to make the change via the FCC website we fail with an unspecified error preventing us from changing our contact information.

Jeff Altheide is the Quality Assurance Manager and handles all certification issues for Griffin Technology including FCC. Jeff has authority over these matters for Griffin Technology.

Thank you,

A handwritten signature in black ink, appearing to read "Stephen R. Woolverton".

Stephen R Woolverton
Sr. Vice President Product Development
Griffin Technology, Inc
