

## **PLANNED STATEMENTS FOR MANUAL**

### **USA – Federal Communications Commission (FCC)**

#### **Interference Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### **Information for the user**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Consult the dealer or an experienced radio/TV technician for help.

#### **RF Safety Statement**

For body worn operation, this equipment has been tested and meets FCC RF exposure guidelines when used WAV accessories supplied or designated for this product. Use of other accessories may not ensure compliance with FCC exposure guidelines.

WAV Inc. is not responsible for any radio or television interference caused by unauthorized modification of the devices included with the WT2270 terminal or the substitution or attachment of connecting cable and equipment other than specified by WAV Inc. The correction of interference caused by such unauthorized modification, substitution or attachment will be the responsibility of the user.
