Re: FCC ID: PB5HPRO-4G

To Whom It May Concern:

The following application is submitted on behalf of our client, Quake Global Inc., for evaluation of their model HPRO-4G for a C2PC certification under FCC Part 22E, 24D, 27.

C2PC to integrate module FCC ID: PB5HPRO-4G into a portable host device. Module is co-located with FCC ID: Z64-WL18DBMOD in host device. SAR testing for host device compliant.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
