FCC Information to User

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is con-nected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution

Modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

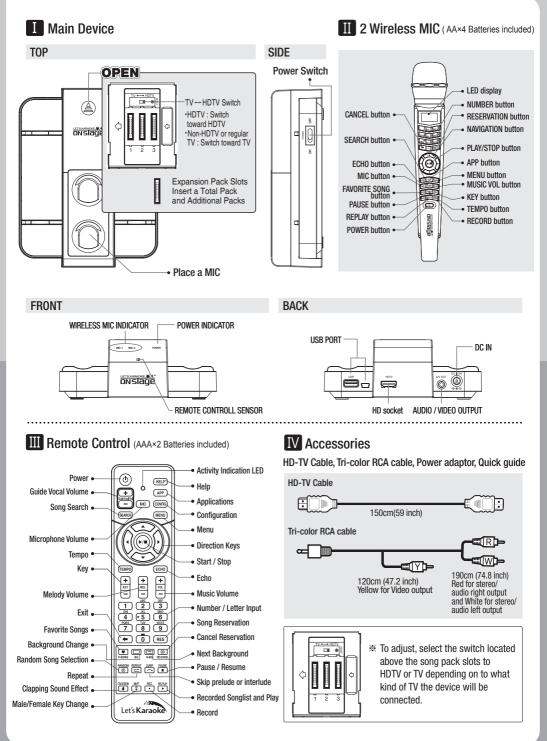

FCC Compliance Information : This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

IMPORTANT NOTE:

FCC RF Radiation Exposure Statement:

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

COMPONENTS & FUNCTIONS

HOW TO INSTALL

וחח

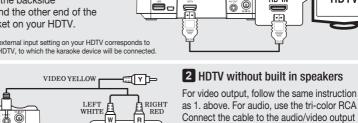

1 HDTV with built in speakers

HD-TV cable : Connect one end of the cable to the HD socket on the backside of the main device and the other end of the cable to the HD socket on your HDTV.

nfi

* Please make sure that the external input setting on your HDTV corresponds to the external input on your HDTV, to which the karaoke device will be connected.

HDT\

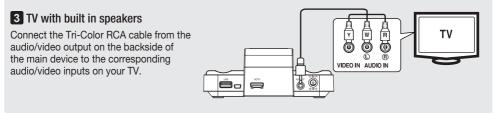

T

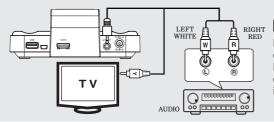

AUDIO

as 1. above. For audio, use the tri-color RCA cable. Connect the cable to the audio/video output on the backside of the main device and connect Red(right) end and White(left) end of the cable to corresponding audio inputs on speakers or other audio devices.

HD IN

* Please make sure that the external input setting on your HDTV corresponds to the external input on your HDTV, to which the karaoke device will be connected.

4 TV without built in speakers

For the video output, connect Yellow(Video) end of the cable to the TV video inputAudio. For the audio out put, connect Red(right) end and White(left) end of the cable to audio inputs on speakers or other audio devices.

TROUBLESHOOTING

PRECAUTION

Use the adaptor that comes with **ONSTAGE** only. There are many adaptors that are plug-compatible with **ONSTAGE**, but have different electrical specifications. These adaptors would work only for a short period of time but would soon damage **ONSTAGE**.

Do not plug **ONSTAGE** in if it is wet. Please contact the service center immediately, if the device has been used in wet condition. If any solid object or liquid gets inside of **ONSTAGE**, unplug it and have it checked by the service center.

Do not drop **ONSTAGE**. Any external or internal damage due to dropping is not covered under warranty.

Do not store **ONSTAGE** in direct sunlight, in a high temperature, or a highly humid room.

Do not prsss the LED/LCD part

Do not immerse **ONSTAGE** in water or splash water on it. Water damage is not covered by the warranty.

Do not insert or remove additional packs, total pack and USB memory device while **ONSTAGE** is turned on.

Do not use strong chemicals to clean ONSTAGE, as these chemicals may damage the device. Keep ONSTAGE away from pets and small children.

Never use a sharp object on the keypad.

Do not disassemble **ONSTAGE** into parts. This will void the warranty.

TROUBLESHOOTING

In cases of problems, please check the following recommendations before contacting the service center.

 If ONSTAGE cannot be turned on 	MAIN DEVICE : Make sure the adaptor is correctly plugged into the power outlet. Check if the plug is properly inserted to the corresponding jack.	
	In case you are using the device with wireless MIC, check if the battery type is AA. If the battery is low, ONSTAGE wireless MIC may not work properly.	
• If the user's voice cannot be heard	Press the VOL button and check the MIC volume of ONSTAGE . Press "0" button on the wireless MIC, and then press "POWER" button using another finger to turn on the power.(Do not release button "0" and "POWER" until the word "SEL" appears on the LCD of MIC.)	
• If the TV does not show pictures or emit sound	Make sure HD cable and/or A.V cables are properly connected between ONSTAGE and HDTV(SDTV). And check if the input setting of HDTV(SDTV) corresponds to the external input of your TV to which the cables are connected.	
 The display screen of ONSTAGE has frozen or disappeared from TV screen 	Press the power button off and turn it back on.	

* When ONSTAGE needs to be repaired, please send it to your nearest service center or the place you purchased it from.

LIMITED WARRANTY

<u>s0)(02</u>

ENTER-TECH 1YEAR LIMITED WARRANTY

Thank you for purchasing a highly qualified Enter Tech's (ET) product.

ET warrants its products against defects in materials and workmanship under generally accepted industry standards for a period of one (1) year for labor and parts from the date of retail purchase. ET's warranty obligations are limited to the terms and conditions set forth below :

TERMS AND CONDITIONS

- If a defect or defects exist, at its option. ET will repair the product at no charge, using new or refurbished replacement parts provided the product does not fall into one of the categories of Section Number 9. "The warranty does not cover as below." Replacement parts are warranted for the balance of the original applicable warranty period.
- To obtain warranty protection, notice of the alleged defects must be given promptly upon discovery and this warranty card bearing the date of purchase, the product's model number with its serial number and other fill-ins must be presented with dated proof of purchase (Tax invoice / receipt) to one of our authorized service centers.
- 3. Our decision on all questions with respect to complaints as a result of defects, either materials or workmanship, shall be conclusive.
- 4. In order to ensure that you are covered by the warranty, you should use only genuine ET's parts and components such as adaptors, cables provided during installation.
- 5. Enter-tech or Authorized Service Centers will repair products under warranty at no charge, given all guidelines and restrictions are followed. Shipping expenses may or may not apply to customer depending on the region. Please contact local service center before sending any units in for repair.
- After warranty period, to have normal service, customers shall bear all costs in shipping the product(s) for both ways (Customers to service centers and Service centers to customers).
- 7. All of returned products must be packaged appropriately, and it is recommended that they be insured or sent by a method that provides for tracking of the package. The recipient (service center(s) or even ET) is not responsible for any product that is lost or damaged in transit.
- 8. Please be noticed that the warranty will not be effective and all the costs of both after service and shipping in and out shall be born by customers if they purchase the products flowed in or purchased from other countries.
- (Our authorized service centers can be found in the last page of the manual provided.)
- 9. The warranty does not cover as below :
- 1) Defects, damage and breakage resulting from accidents, misuse (breakage, spillage of food / liquid substances that defect the product and parts such as P.C.B, battery leakage and etc.), wrong usage of electrical supply and voltage, abuse, alternation, modification,
- 2) improper testing(operation, installation), tampering or failure of the purchaser to follow normal operating procedures described in the 3) user's manual.
- 4) Product subjected to unauthorized disassembles and/or repairs which adversary affect the performance of the product.
- 5) In case of non-authorized third party engagement.
- 6) Norman and customary wear and tear, corrosion, rusting or stains.
- 7) Scratches and damages to the outer surface areas and externally exposed parts that are due to normal customer use.
- 8) Claims for damaged/missing parts or accessory after 3 days from the original date of goods received.
- 9) Product which has its serial number removed or altered or made illegible / tampered.
- 10) If the warranty card is being altered, defaced or erased in any manner whatsoever.
- 10. Accessories in the product package provided by ET such as adaptors, cables which are considered as consumable articles. The warranty period for a voice coil inside the mic ball of a mic is 6 months from the date of a retail purchase.

Any service charge due to the clauses of "The warranty does not cover" will be billed to customers and the service charge will vary depending on each service center in each country. Please consult the service charge with your nearest service center.

If you want to contact our technical "Service Center" close to your area, please refer to our website at " www.enter-tech.com ".
