Manufacturers declaration of IMEI securityApplicant:

Ericsson Mobile Communications AB
Nya Vattentornet
221 83 LUND
Sweden

Product details:

Ericsson Type 1130101-BV dual mode/triple band GSM 900,GSM 1800 and GSM 1900 communication module, all software and hardware versions.

Declaration:

We declare that the steps listed in paragraphs 1 to 3 below to protect the security of the IMEI has been taken.

1. Programming security

Encryption technique has been adopted to prevent unauthorized reprogramming of the IMEI. The IMEI are stored in non-consecutive memory addresses.

2. Mechanical security

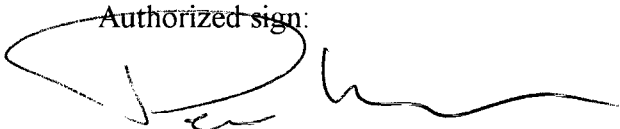

The apparatus has been constructed such that unauthorized persons cannot economically replace the components in which the IMEI is stored.

3. Availability of software

Knowledge of the software and data locations is restricted to the manufacturer personnel on a need to know basis.
