

## 1. Introduction

DFM-100 Wireless music adapter lets you listen to any portable music device over any FM tuner and speaker setup, without clumsy or constricting cable hookup.

It's the perfect way to simply and efficiently listen to MP3s, CDs and mini-discs in the comfort.

## 2. Operation

- 1) Connect FM transmitter audio jack into earphone jack of MP3 player.

- 2) Play MP3P and on Power switch.

- 3) Select FM frequency.

- 4) Set FM audio frequency to the selected FM frequency in step 3 before.

- 5) Adjust the volume of your audio device and FM radio and Enjoy the wireless music.

#### 5. Warranty

Hyun Won Inc. warrants this products as free of defects in material, design and workmanship for a period of [six\(6\)](#) months from the original date of purchase.

##### CAUTION

This Limited Warranty will be honored only within the geographical location that DFM-100 purchased. Hyun Won Inc. will repair or replace DFM-100 if they fail to function properly during the warranty period, subject to any conditions and/ or limitations stated herein.

Such repair service will include all labor as well as any necessary adjustments and/ or replacement parts.

Such repair or replacement is the sole remedy under this warranty.

### **Warranty Conditions**

- 1) Request for Warranty Service will not be accepted without proof of date of purchase, such as a copy of the original dated DFM-100 sales receipt.
- 2) This Warranty does not apply to the battery used in DFM-100.
- 3) This Warranty does not cover circumstances beyond Hyun Won Inc's control, not problems caused by failure to follow the operating instructions in the DFM-100 User's Guides
- 4) This Warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments, failure to follow Hyun Won Inc's operation, maintenance or repacking instruction, failure to use items supplied by Hyun Won Inc. (Such as adapters and cables), or claims made after the duration of this Warranty.
- 5) This Warranty does not apply when repairs performed by non-authorized service centers such as opening of the product by a non-authorized person.

### **FCC Statement**

This device complies with parts 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution : Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.
