GUI Declaration letter

Date: 2015-08-11

FCC ID: PD5-RV134W

To Whom It May Concern:

We, Delta Networks, Inc. declare that as part of the DFS functionality in the WLAN driver, software is implemented to react to radar detection messages and move to a new channel. The control of this functionality is not accessible to anyone under any conditions. Furthermore, the firmware is only can be modify by using a special tool (console cable) which will not be released and won't supply any console pin with the finish product.

Thank you for your attention.

Sincerely yours,

Alex Shen / QE Manger
