RE: FCC ID: PD9112BNHU , Request for supercede of test report and operational description

We are requesting the original SAR test report uploaded on 11/13/09 to be superceded with the new version uploaded on 11/18/09. The original version was not to include test setup photos.

Also, please supercede the antenna information originally uploaded to RF Exposure SAR exhibit type on 11/13/09. It is to be part of the operational Description.

I have uploaded the appropriate letters and revised exhibits.

Thank you.
