Subject: Model 62205ANSFF 802.11abgn WiFi PCIe Adapter Card FCC ID: PD962205ANSU

Gentlemen:

Please be advised that for the Model 62205ANSFF adapter card all final calibrated output power adjustments are made during the assembly process and all maximum output power levels and operational parameters are programmed into the EEPROM prior to shipment from the factory. The information programmed into the EEPROM is not accessible and can not be changed by OEMs or end users. There are no OEM or end user installation adjustments that can be made therefore there is no tune-up procedure provided.

If you have any questions please do not hesitate to contact us at 803-216-2344.

Sincerely,

C Iltus
