Dear Certification Officer:

On behalf of Intel Corporation, Aegis Labs, Inc. (an authorized agent for preparations of applications) attest that the radio device tested (IC: 1000M-622ANH) has been evaluated and found to comply with the RF exposure limits for humans, as specified in Health Canada's Safety Code 6 and reproduced in RSS-102. Please refer to the MPE Calculations attached to this application for any assumptions used in the SAR evaluation concerning user-control parameters.

If there are any additional questions or if further information is needed, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Candelas".
