

Attestation for Differences in FCC ID PD97260H vs PD97260HU

The Intel 7260HMW, 802.11 a/b/g/n/ac+BT wireless combination PCIe module is manufactured under FCC ID PD97260H is intended for sale only to OEMs and intended for factory installation only for the host device. The same module manufactured under FCC ID PD97260HU is intended for sale only to OEMs but may be offered for user installation or replacement in the host device. Modules with FCC ID PD97260HU will implement a BIOS locking feature in the module and host that will provide a mutual authentication process to verify the module is authorized for use with the host device.

If you have any questions concerning this attestation please contact me at your convenience.

A handwritten signature in black ink, appearing to read "Steven C. Hackett".
