Power Output is Conducted. Limited Modular Approval (LMA) limited to devices where the antennas are located at least 20cm from all persons. Only those antennas documented in this filing and installed in the manner specified may be used with this device. This transmitter is restricted to indoor use only within the 5.15-5.25 GHz band. This grant is valid only when the device is sold to OEM integrators and the OEM integrators are instructed to ensure that the end user has no manual instructions to remove or install the device; all user installation is expressly prohibited. The Grantee or OEM integrator must ensure the installation procedures comply with the integral antenna requirement of 15.407(d) which prevents end user from accessing the transmitter after installation. The antennas must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and OEM integrators must be provided with operating instructions for satisfying RF exposure compliance requirements.

CC: This device is certified pursuant to two different Part 15 rules sections.
