FCC ID: PEL640-0001

To Whom It May Concern:

Pursuant to Section 0.457 (d)(1)(ii) and 0.459 of the Code of Federal Regulations (CFR), the Applicant hereby requests confidential treatment of the NextComm supplied information accompanying this application. The confidential information includes the following:

- Schematics.pdf
- Operational Description.pdf
- Frequency Block Diagrams.pdf
- Internal Photos.pdf
- Case opener tool Part Number and Manufacturer information

The inside of the card is not user accessible. Opening the case of the card would require a special tool that is not readily available. The case opener tool is made by ATG, Inc, and the part number is 10041-ATG020. Layout and component part numbers are competitive information that NextComm treats as confidential. Public disclosure of this information would be harmful to NextComm and provide unjustified benefits to our competitors.
